This spiritual song is in an expanding form much like the traditional "Twelve Days of Christmas". Sing the first three systems straight through. At the fourth system , sing through the second verse then skip to the "verse 2 begin here" heading on the bottom system near the end of the page and continue through the refrain on the second page. Return to the fourth system and sing through the third verse then skip to the "verse 3 begin here" heading at the bottom of the page and continue straight through to the end of the refrain. Return to the fourth system again and sing through the fourth verse then skip to the "verse 4" heading at the end of the fifth system and continue straight through to the end of the refrain. This cumulative pattern applies for the fifth and sixth verses as well.
